OGC HAS  
REVIEWED.

MEMORANDUM FOR: General Counsel

STATINTL ATTENTION : [REDACTED]  
Operations & Management Law Division

STATINTL FROM : [REDACTED]  
Assistant for Information, DDA

STATINTL SUBJECT : [REDACTED]

REFERENCE : Memorandum to DDA from Assistant General  
Counsel dated 2 September 1976, same  
subject

STATINTL 1. Confirming discussions held with several members  
STATINTL of OGC, I have been unable to determine the existence in  
the DDA of any of the material listed in the attachment to  
the referenced memorandum. As you are aware, the DDA com-  
ponents have been tasked in the past to look for record  
material relevant to the [REDACTED] investigation. Some  
such material has been located and the DDA offices have  
worked directly with [REDACTED] to make this material  
available for Department of Justice examination. Had  
material such as requested by your latest memorandum been  
located in these components, I am sure that it would have  
been surfaced in the course of these earlier reviews. The  
nature of the material however is such that it is unlikely  
that it would be located within this directorate in any  
event.

2. As regards the records of the Office of the Deputy  
Director for Administration, my review has provided nega-  
tive results.
